## Product Description

Wordsies shirts make a statement! These bright and colorful designed or embroidered shirts are perfect for parents of babies and toddlers who want to inform the public of their thoughts without insulting anyone. These shirts were originally created to help protect babies from dirty hands and unnecessary illnesses just by simply stating (on the shirts), "Wash Your Hands First," as well as offer protection against second hand cigarette smoke, which has been recognized as a high risk factor for SIDS.

Wordsies Wear currently includes eight unique designs and phrases and will continuously expand to include more essential statements by parents!

Wordsies shirts come in sizes 3-24 months and are offered as both short and long-sleeved onesies and t-shirts.
